

The Situation and Development Trends of China Die & Mould Industry

China Die & Mould Industry Association

The Development Situation of China Die & Mould Industry

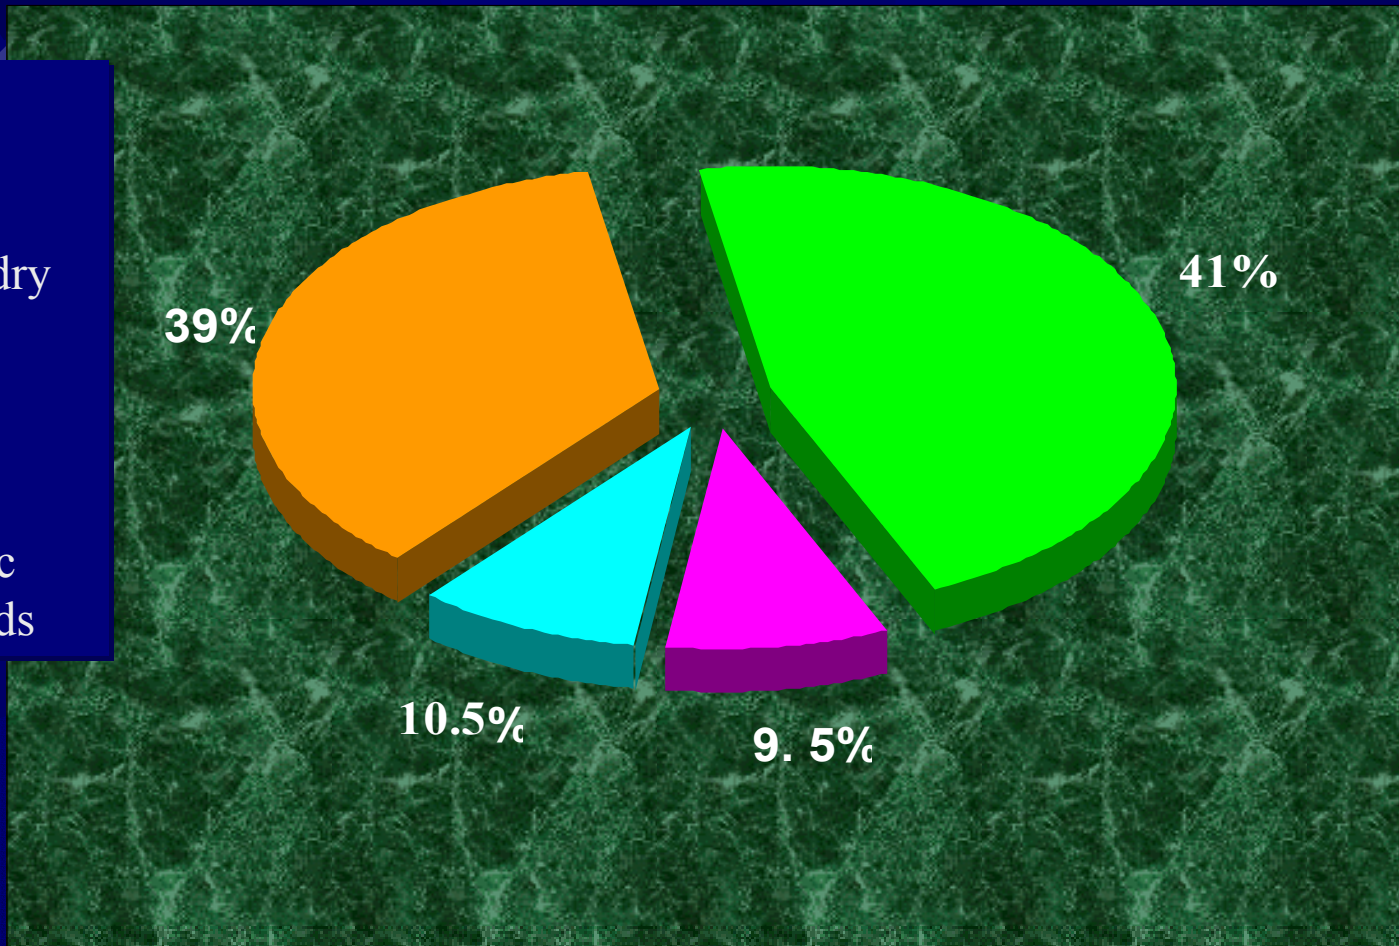

- *The high speed development of China economy raises higher demands to die & mould industry, brought the new opportunity
- *China die & mould industry has had about 15% yearly growth for more than 10 years.
- *China has about 20,000 factories engaging in production of dies and moulds
- *About 500,000 people employed in the industry sector
- *The production Value of die & mould industry has reached 45 billion RMB

Production Value of China Die & Mould Industry (a hundred million RMB)

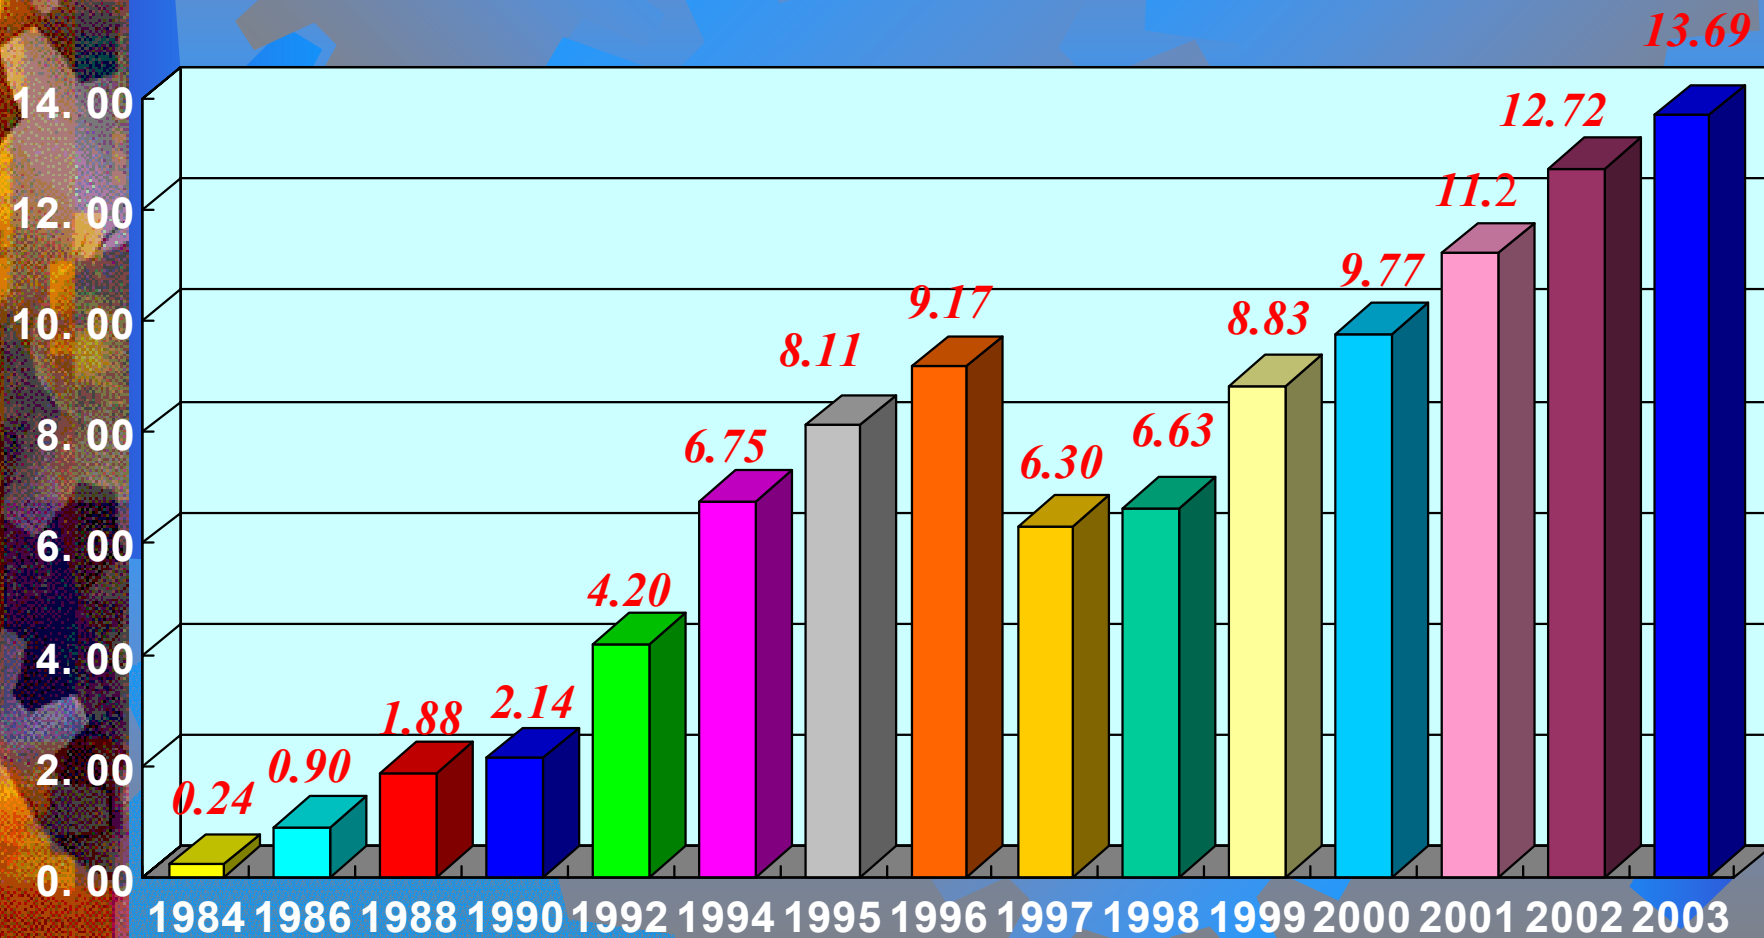

Products scale all kinds of die & mould

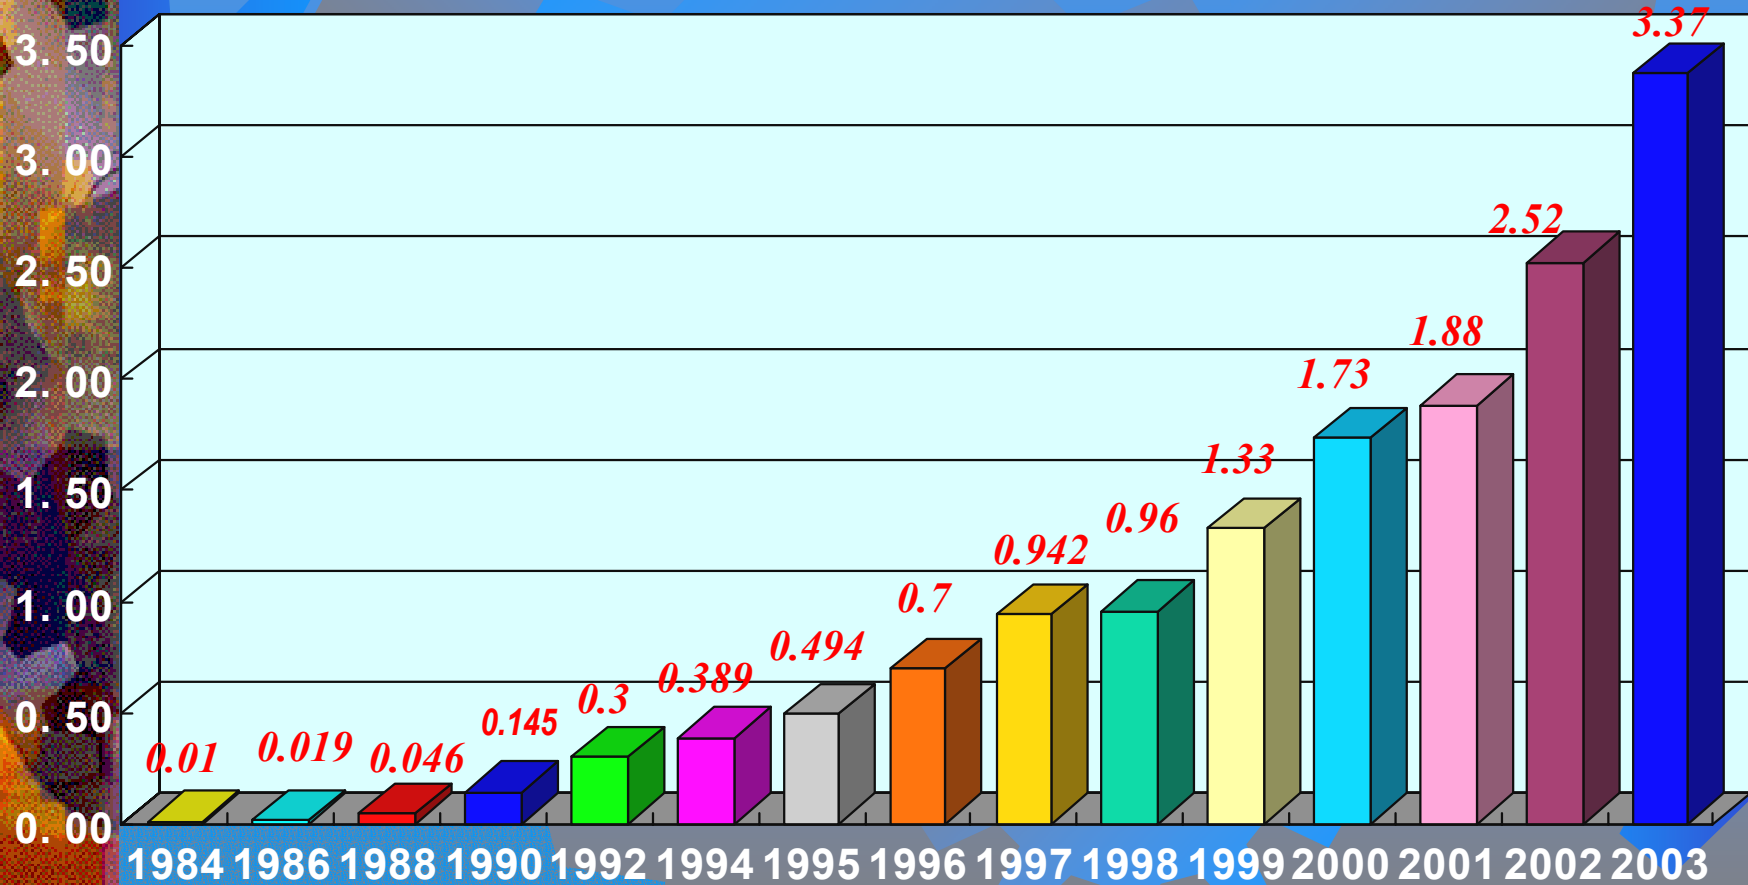

- Press Dies
- Foundry Dies
- Other
- Plastic Moulds

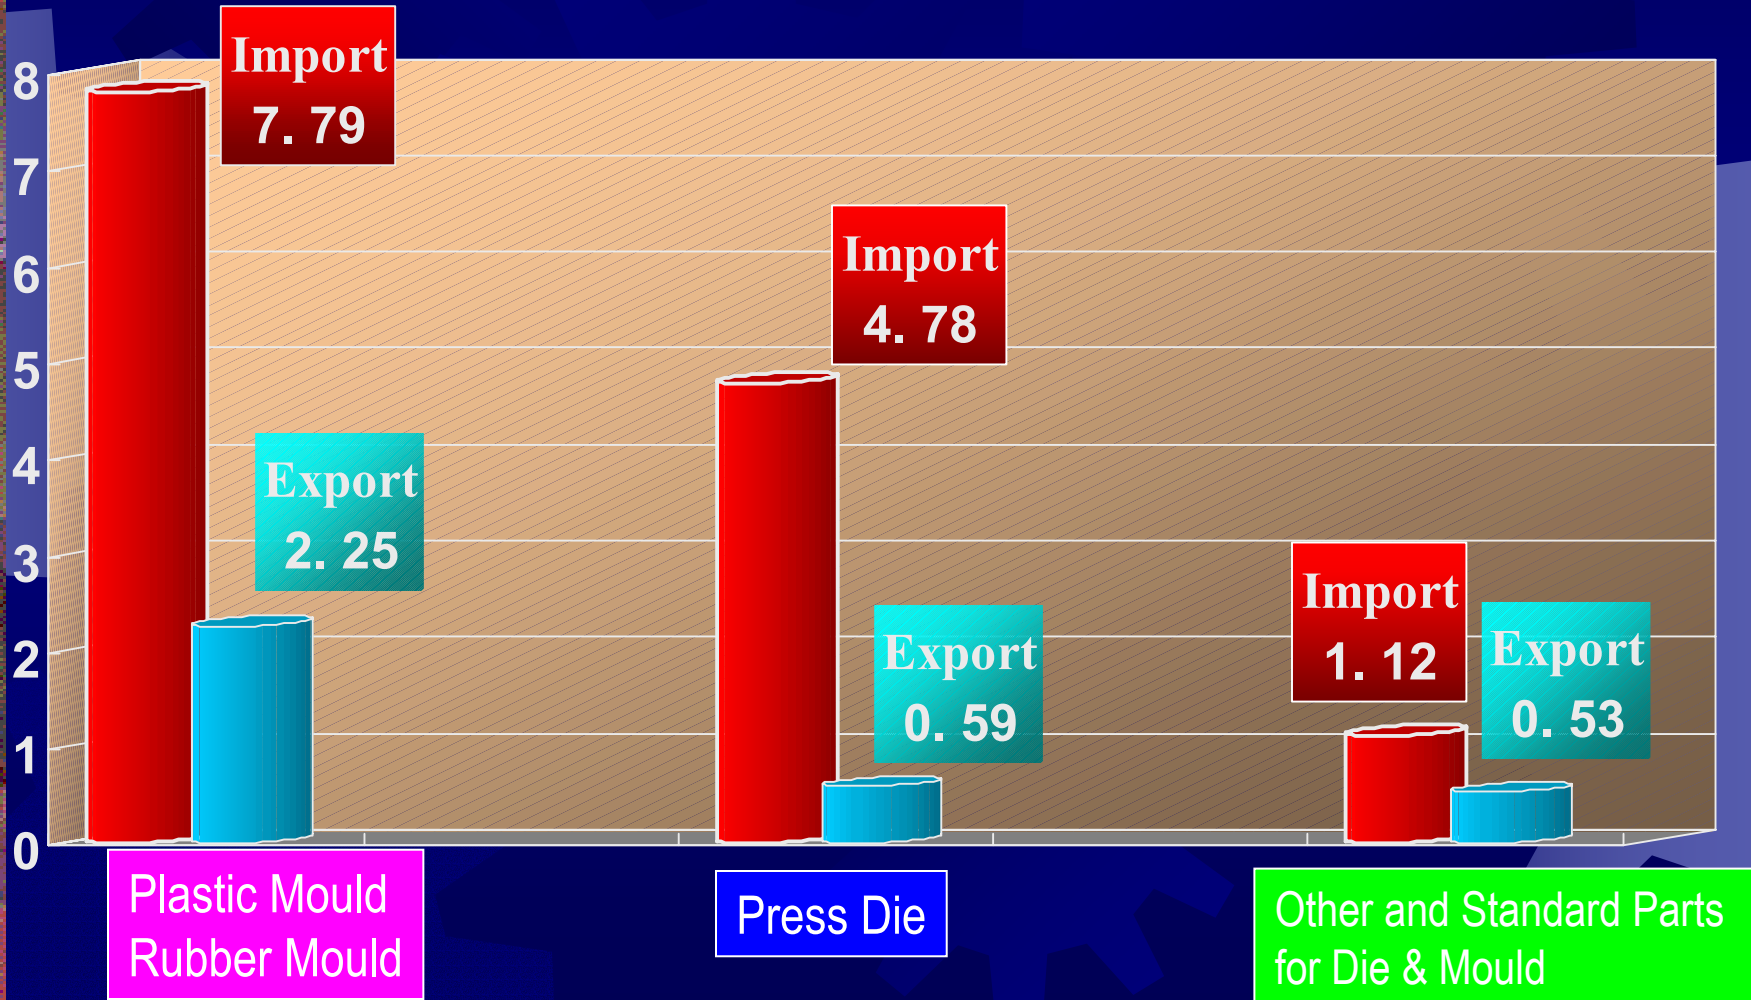

Import die & mould (a hundred million US\$)

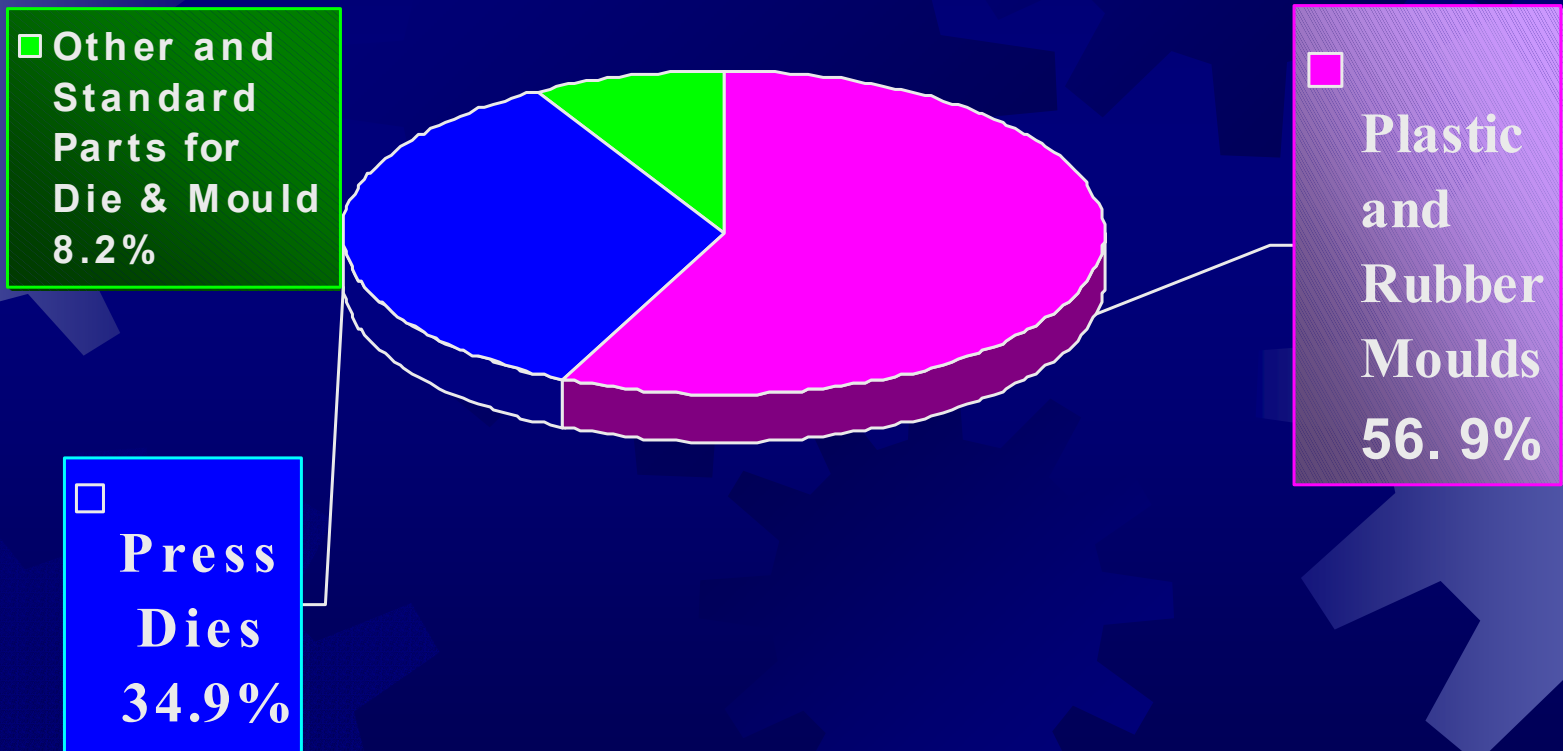

Export die & mould (a hundred million US\$)

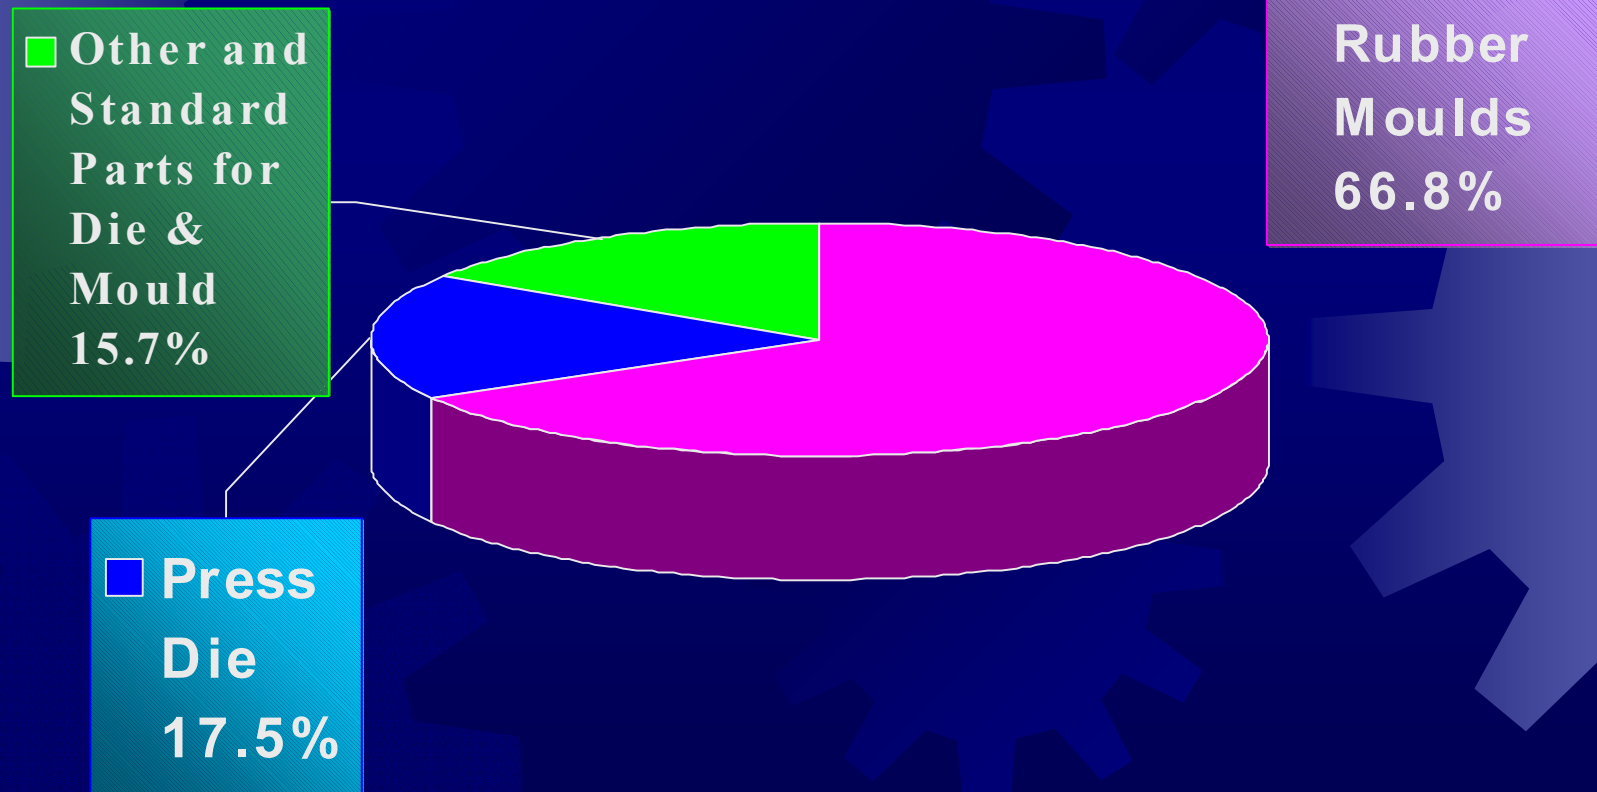

2003 China Die & Mould Export and Import (a hundred million US\$)

2003 Scale Import all kinds of Die & Mould

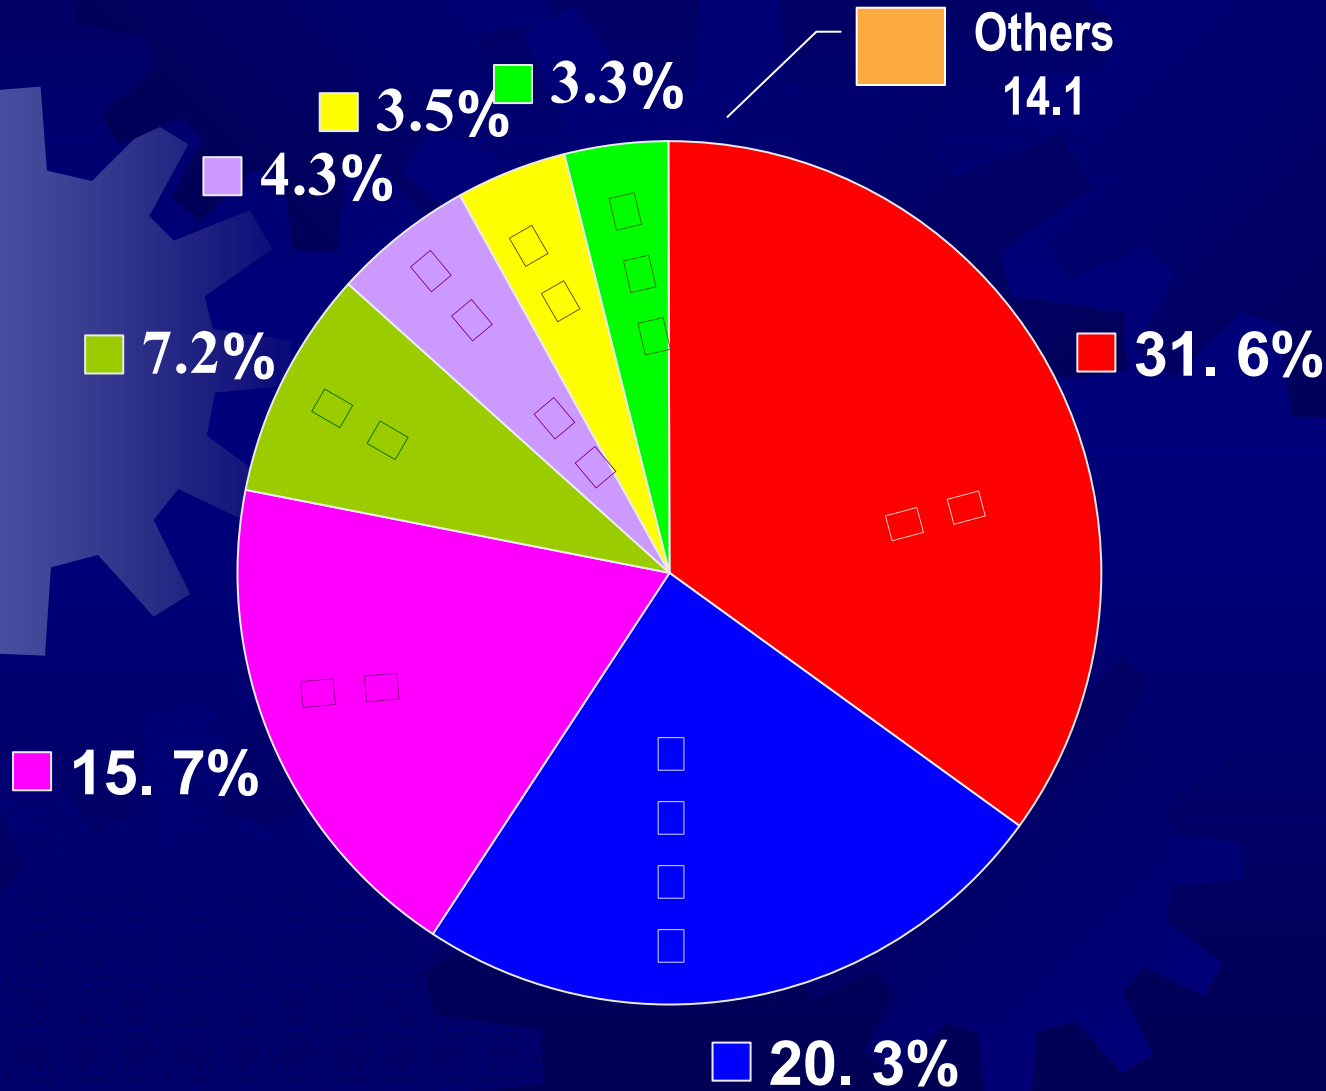

2003 Scale Export all kinds of die & mould

2003 import the Die & Mould ex-7 source grounds

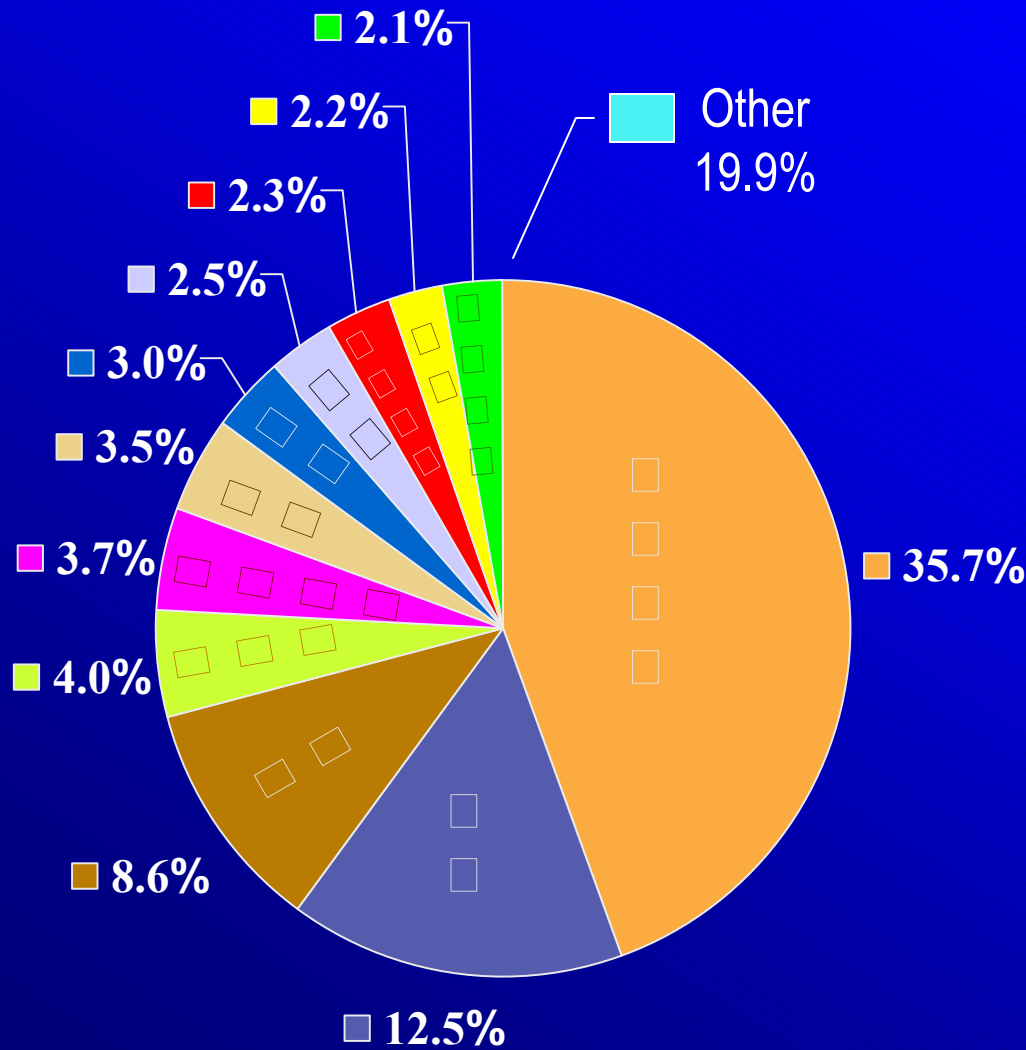

□ a hundred million US\$ □

Japan	4.323
Chi na Tai wan	2.776
Kor ea	2.151
Ger many	0.992
Chi na Hongkong	0.593
U. S. A	0.479
Si npapor e	0.453

2003 export the Die & Mould ex-11 destinations

□ ten thousand US\$

China Hongkong	12024
Japan	4202
U.S.A	2889
Singapore	1350
China Taiwan	1260
Thailand	1176
Indonesia	1012
Viet Nam	847
Australia	776
Korea	735
Malaysia	715

Prospect: opportunity and challenge, learning and cooperation, Development and Win-Win

- ✦ China die & mould industry has entered an important development period----take the opportunity, meet the challenges, speed up our development
- ✦ Broad die & mould market in China provides a good condition for inter nation trade and cooperation
- ✦ To enhance technology exchange and trade cooperation is a important task of our association
- ✦ Our objective win-win cooperation, high-speed and steady development

Thank You

China Die & Mould Industry Association
