

CTMA EDUCATION FUND

Become a Sponsor!

Please help us provide awards and prizes to deserving apprentices, pre-apprentices, and high school students by contributing to the CTMA Education Fund. All sponsors will be acknowledged at the Annual General Meeting in a future issue of CTMA View, and in social media campaigns.

Here are several ways you can support this important initiative:

Options	Description	Amount
<input type="checkbox"/>	Contribution in support of the CTMA's Apprentice & Pre-Apprentice Awards.	\$
<input type="checkbox"/>	Gift contribution to be awarded in 2023 to selected Apprentices or Pre-Apprentices (i.e., tools, software, books, supplies, equipment etc.)	\$ (approx. value)
<input type="checkbox"/>	Contribution in support of CTMA's 2024 High School Awards.	\$
<input type="checkbox"/>	Endowment contribution to the CTMA Education Fund in Honour of George H. Shaffer and Michael G. Solcz Sr. (Contributions are invested & interest is used for future awards).	\$

THANK YOU FOR YOUR SUPPORT!

The generosity of our sponsors has enabled us to provide awards and prizes to many deserving recipients since 1994!

THANK YOU TO OUR 2022 SPONSORS: CAN WE COUNT ON YOU IN 2023?

Testimonials

"I greatly appreciate the awards given to me by CTMA. I used the prizes to purchase a bigger toolbox and more tools to fill it. I'd just like to say thank you again to CTMA and Classic Tool and Die for this great opportunity."

Jacob McLellan,
Classic Tool & Die Inc.

"The experience of winning this award has been very a positive one. It was a great feeling to be recognized for my hard work and effort to be the best apprentice I can be. It has helped me by making me more confident in my work, also by gaining respect from many of my co-workers, and management. I used the KBC tool credit to add some much-needed tools to my toolbox, and I use the Mitutoyo measuring tools every chance I get."

Josh Demers,
Manor Tool & Die Ltd.

"First, I would like to thank the CTMA for the contributions they do in the manufacturing industry and for apprentices. I learned a lot being a part of the award ceremony as to how they conduct their selection process for the top eight recipients for the Apprentice Awards. Being nominated for the Apprentice Awards, and then later chosen as the top apprentice, was a great feeling knowing my work is getting noticed by my superiors and by the CTMA. I thought that being nominated and chosen as top apprentice of 2022 would be the highlight of my night, but as it turns out, the highlight was finding out about the contributions to the local high schools and displays put on to get kids interested in the trades. I was ecstatic to find out that they are investing into future apprentices who I hope to see in the future manufacturing industry. I can't thank the CTMA and the sponsors enough for all they have done and for what they will continue to do for current and future apprentices."

Jake Lockrey,
Armo Tool Ltd.

"The CTMA Apprentice Award Program is an outstanding platform to promote the trades. It is a great tool for motivating and rewarding hard working apprentices and pre-apprentices—showing them that effort and hard work do not go unnoticed."

Anjan Tak, president, Robust
Gear and Industries.

"For an apprentice, few things do as much to boost one's confidence than being recognized for their efforts to learn and master their chosen trade. I am proud to have been nominated by my employer, Answer Precision Technologies, and chosen by CTMA to receive a 2022 Apprentice Award. Receiving this award has helped further my training in my trade, as well as boosted my sense of belonging in the precision metalworking industry."

Pam Kesselring
Answer Precision Technologies
