

# HIGH SCHOOL AWARDS

The High School Awards will recognize students who have demonstrated a high proficiency in metalworking skills, a positive attitude, and who have plans to pursue a career in one of the precision metalworking trades.

Teachers will be invited to nominate one of their outstanding students to receive an award. The ideal candidate will be a graduating student who has demonstrated a high proficiency in metalworking skills, a positive attitude, and has plans to pursue a career in one of the precision metalworking trades.

## WHAT WILL THEY RECEIVE?

- An award of up to \$1000;
- Each school will receive a certificate of achievement to acknowledge their contribution to the future of the precision metalworking industry

Awards will be presented during graduation ceremonies, each year.
